How to find Fish Tales when coming from Banff.

The East/West road is the Trans Canada (HWY 1) or 16th Avenue. Go East on 16th to Sarcee Trail South. Sarcee turns into Glenmore Trail and continue East. After passing Crowchild Trail stay right and exit on to 14th Street South and proceed to Southland Drive. Turn Left on Southland and proceed to MacLeod trail. South on MacLeod Trail passed Anderson Road to first traffic light - 2 left turns North to Avenida Place shopping plaza. Shop on North side of parking lot facing South.

A less stressfull way is to turn right on Hwy 22 and proceed South to Hwy 8 turn left East to Glenmore Trail.

When coming in from the North (Edmonton) you should stay southbound on Deerfoot to Anderson Road westbound to McLeod Trail, then south to first traffic light - 2 left turns North to Avenida Place shopping plaza. Shop on North side of parking lot facing South.

Sincerely,

Barry White

Fly Patterns

Here is my suggestion for a **complete seasons** selection of flies and sizes. When I choose my patterns I skip a size. If #16 is my first choice then I may go larger to a #12 or smaller to a #20. The other suggestion is never start with less than 12 of each hook size and pattern. I will have working fly patterns with me.

Dry Fly

Adams	# 16
Light Cahill	# 16
Royal Wulff	# 16
Stimulator	# 14, # 10
Elk Hair Caddis Yellow, Olive	#16
Renegade	# 12
Brown Bivisible	# 14
Griffith's Gnat	# 18

Nymphs for Rivers & Streams

Dark Stone	# 4
Golden Stone	# 6, # 4
Gold Ribbed Hairs Ear	# 10
Pheasant Tail	# 10
San Juan Worm	# 8, # 6
Soft Hackle - green & orange	#10, #12
Bead heads: Prince, copper John, weevil	

Streamers

Woolly Bugger	# 2 & # 6
Olive, black, peacock, blonde, purple	
Muddler Minnow	# 4
Zonker	# 4
Bow River Bugger	# 2
Bunny Fly	# 2

Terrestrials

Red Ant	# 18
Dave's Hopper	# 10
Joe's Hopper	# 10
Black beetle	# 14

When setting up a box of flies allow some flexibility for personal experience. Flies will cost from as little as 2.00 to \$4.50 for dries and nymphs - streamers could cost up to \$6.00 ea.
